

HCP Print: Opsætning på Windows Computer

Denne guide beskriver opsætning af HCP Print på en Windows Computer.

Start med at downloade filen til Windows først. Herefter åbner du filen og følger disse skærbilleder:
Spørg den IT-ansvarlige på skolen, hvis du er i tvivl.

Angiv Skolens domæne og vælg den tredje mulighed under "User authentication" som vist på skærbilledet og tryk next:

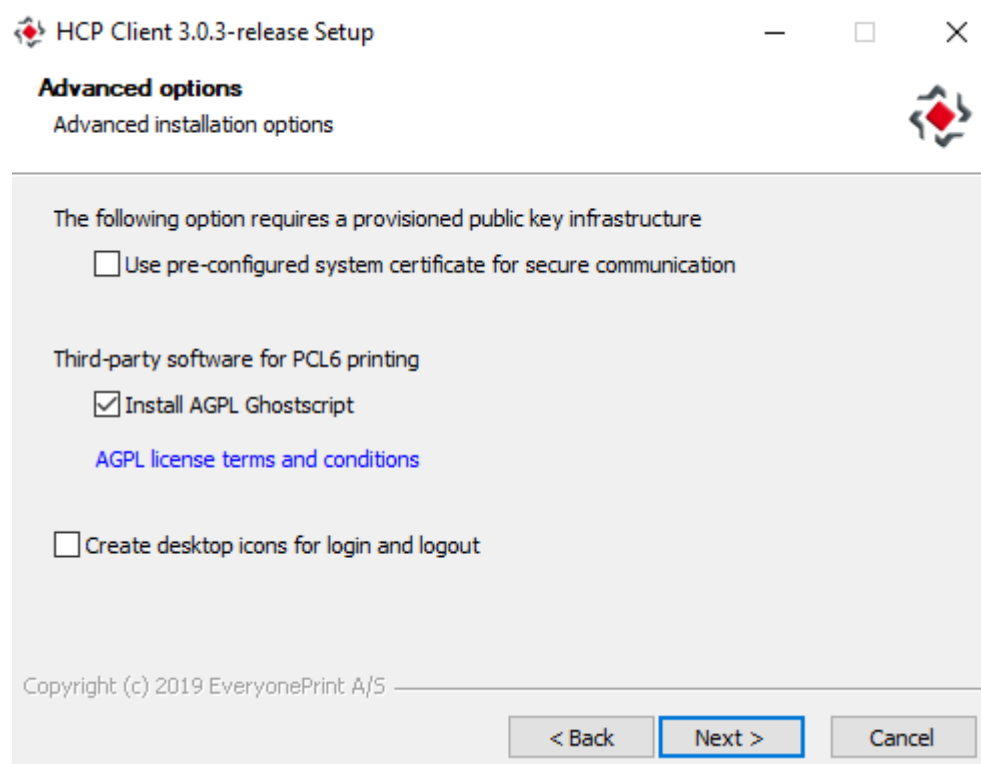

The screenshot shows the 'HCP Client 3.0.3-release Setup' window. The title bar includes the application icon, the text 'HCP Client 3.0.3-release Setup', and standard window controls (minimize, maximize, close). Below the title bar, the section is titled 'Gateway parameters' with the subtitle 'HCP gateway connectivity settings'. The main content area is a light gray box with the instruction 'Please enter HCP gateway address and account domain name'. It contains the following fields:

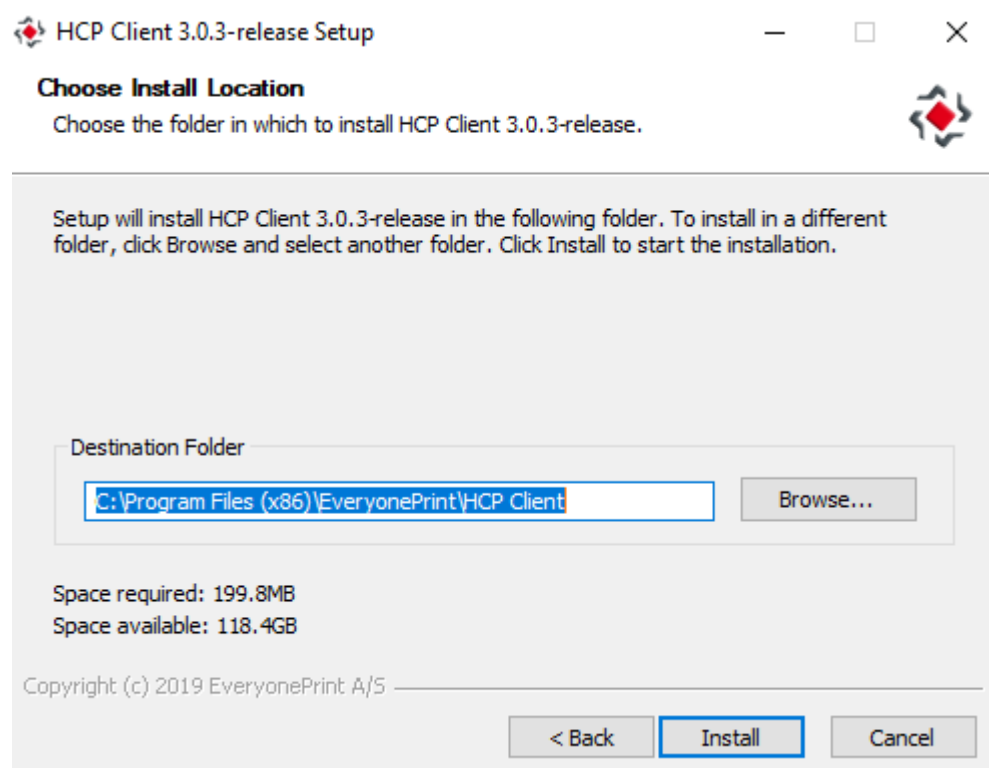

- 'HCP gateway address' with the text 'hcp.randersstatsskole.dk' entered.
- 'Account domain name' with the text 'hcp.randersstatsskole.dk' entered.
- 'User authentication' with a dropdown menu showing 'Custom login to HCP server'.
- An unchecked checkbox labeled 'Enable local storage and direct print job delivery'.
- 'API key (optional)' with an empty text box.

At the bottom left of the gray box is the copyright notice: 'Copyright (c) 2019 EveryonePrint A/S'. At the bottom right are three buttons: '< Back', 'Next >' (highlighted with a blue border), and 'Cancel'. A small icon with four arrows pointing outwards is located in the top right corner of the window.

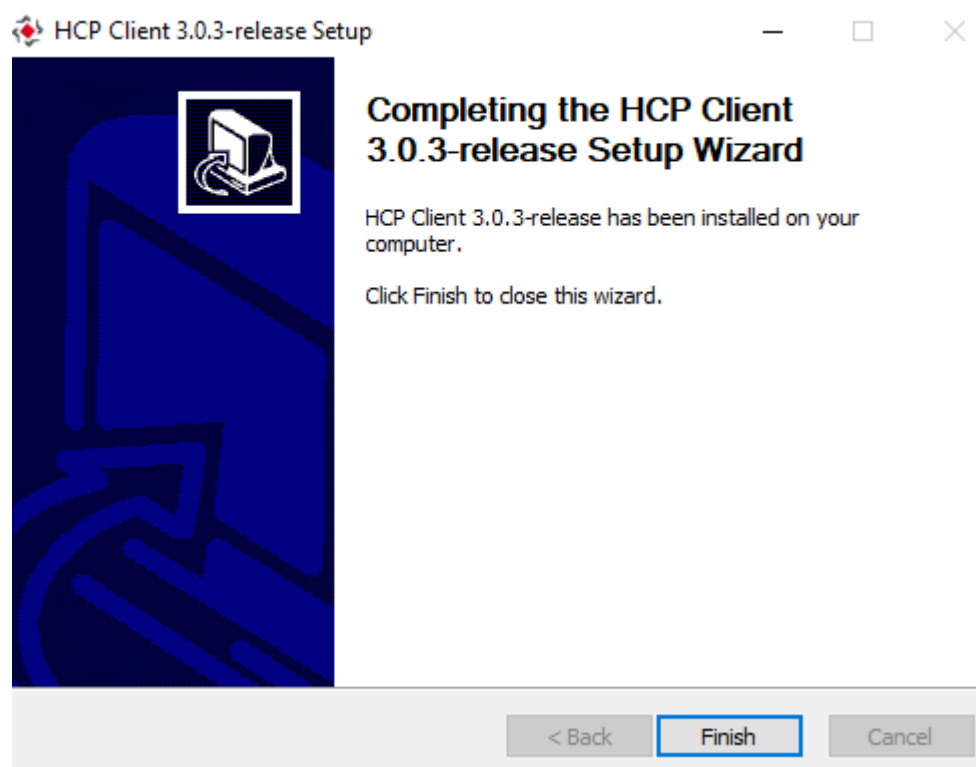

Klik "Next"

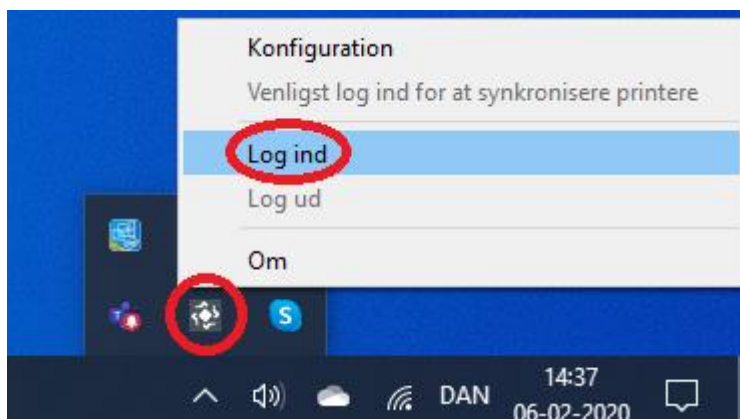

Klik "Install":

Klik "Finish":

Nu er programmet installeret. Du skal nu logge ind. Højreklik på det lille HCP ikon og vælg "Log ind":

Skriv dit UNI-login og password i skærbilledet.

Vælg evt. "Husk mig indtil jeg logger ud", så du ikke skal logge ind og ud:

A screenshot of a Windows dialog box titled 'Log ind for at printe'. The dialog has a subtitle 'Venligst indtast dine loginoplysninger for at logge ind og synkronisere printere'. It contains two input fields: 'Brugernavn' with the text 'erikx498' and 'Password' with masked characters. Below these fields is a checkbox labeled 'Husk mig indtil jeg logger ud' which is checked. At the bottom right are two buttons: 'OK' and 'Annuller'.

Du kan nu vælge skolens printere, når du skal printe (fx fra Word)
